About Frad

Frad Risk Management is a leading global risk management and claims administration firm headquartered in Hong Kong. We combine global capabilities and quality standards with deep local market knowledge, delivering seamless coverage and expertise throughout China.

We provide one-stop solutions, from construction to operation, warehousing to transportation, and production to liability. With our local market knowledge and multilingual pool of multidisciplinary expertise, we help you manage risks efficiently, transparently, and sustainably in the complex and dynamic Chinese and Asia-Pacific markets.

02

Our Solutions

Risk Management

We provide customized risk management services, including key stages such as on-site surveys, risk identification, risk assessment, loss prevention, and load supervision. Drawing on the multilingual engineering team and extensive database, we accurately identify potential risk points and provide you with a practical Risk Management Plan to improve your business resilience and secure every kind of business you run.

Claims Administration

We provide comprehensive claims management services across all lines of insurance. Our support spans the entire claims process — from incident survey to liability determination, loss adjusting, settlement recommendation, negotiation, and final payment.

Whether your cargo is transported by sea, air, rail, or road, our team is equipped to respond swiftly and professionally to any unexpected incidents along the supply chain. Leveraging both local expertise and international standards, we help you effectively control loss exposure, optimize claims costs, and maintain the resilience of your supply chain.

03

Why Us

Leading Expert in the Chinese Market

As an early pioneer in third-party risk management and the global claims handling field in China, the Frad team has been a trusted authority for over two decades by providing leading advisory services that resolve complex global claims. Our technical strength, extensive resources, and end-to-end service delivery have built enduring partnerships with many companies worldwide.

Internationally Recognized Provider

As an accredited Professional Partner of the International Union of Marine Insurance (IUMI), we maintain long-term and close collaborations with numerous international insurers and industry organizations. Our in-depth familiarity with global risk management and claims administration standards enables us to provide professional and reliable support for your operations in the Chinese and Asia-Pacific markets.

Global Standards, Local Expertise

Our professional team has a wealth of experience in the international market and provides multilingual services, including English, French, Spanish, Russian, Japanese, Korean, Hindi, Thai, Vietnamese, Portuguese, Arabic, etc. Complemented by our deep understanding of the Chinese market, we have both an international vision and local execution capabilities. This ensures that the solutions we provide not only comply with global benchmarks but are also tailored to market realities, empowering you to expand your regional presence with confidence.

Efficient Regional Network

Frad guarantees seamless national coverage across China. Through a blend of over 70 in-house surveyors and a strategically coordinated surveyor network, we maintain a proven presence in all critical ports and most inland cities, ensuring local expertise is always within reach.

Moreover, with our established global network that covers over 170 countries, our support can be with you wherever an incident occurs.

Extensive Case Portfolio

We managed over 1 billion USD cases per year worldwide and developed our own deep pool of multi-disciplined expertise across more than 600 industries, providing you with comprehensive data support and critical insights.

04

Our Leadership

Mr. Xin Sijian, Founder & CEO of Frad Risk Management, with over two decades of experience in international risk management and insurance claims, is a pioneering figure in China's global claims consulting sector.

He previously held long-term positions in Europe and is fluent in English and French, with extensive hands-on expertise in global risk assessment, complex claims management, transportation, engineering, and liability insurance. He has led multiple high-stakes claims cases spanning nearly 100 countries worldwide, earning strong recognition from international partners.

Under his leadership, Frad is committed to combining local resources and international expertise to provide our support worldwide.
